

Democrats switch again

DeFosse on ballot— for Congress

by ROGER RUTHHART

Managing Editor

In a last minute switch, 13th congressional district Democrats, voted to slate Antioch Democrat Dan DeFosse to oppose Philip Crane for Congress in the new 12th district in November.

DeFosse, who had been waging a frustrating battle to get on the ballot to oppose the incumbent congressman, announced recently that he would forgo that challenge and instead oppose State Sen. Adeline Geo-Karis (R-Zion) for that senate seat in November.

But a last minute change found DeFosse the frontrunner and eventual victor in the mini-convention held May 12 at Grove Ave. School, Barrington, to slate a congressional candidate.

"I'm ecstatic," said DeFosse. "We've brought a part of the American dream back to life. We've shown that an average citizen can take on the political system and win."

DeFosse said that the district convention, more than the primary election, "proved that there is a new acceptance for the normal person among politicians."

The last unknown to rise to party prominence was Jim Cummings of Barrington who in 1976 defeated Antioch attorney Jim Lumber in the Democratic primary before getting cleaned up by incumbent Congressman Robert McClory (R-Lake Bluff).

DeFosse said he did not believe his campaign lost credibility when he went from being a congressional candidate to a state senate candidate and then back to being a congressional candidate.

"We picked up credibility along the way and the fact that I was selected as (Democratic Party) regional six chairman and Antioch Township chairman as well as the offer to run for the senate, shows that I've gained credibility," said DeFosse.

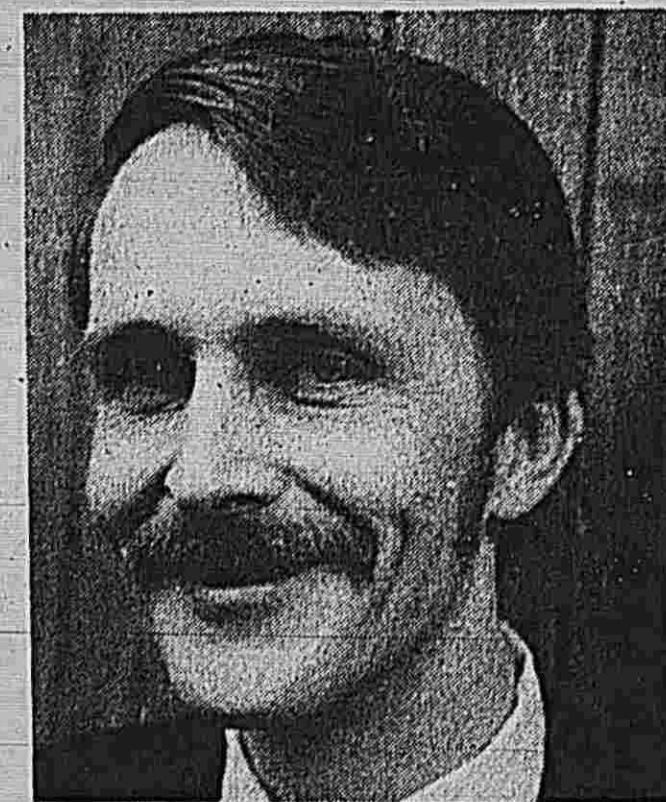

It took only two ballots for the Democrats

to select DeFosse as their candidate. In the first round Maureen Quantz of McHenry, who was to have been DeFosse's replacement for the congressional slot had he run for senate, was nominated by Monty Yates, McHenry County Democratic chairman. Cook County township officials nominated four separate candidates and Lake County Chairman Jay Ukena nominated DeFosse.

The first round of balloting is traditionally a favorite son affair, with none of the candidates gaining the number of votes necessary for the nomination. Such was the case May 12.

After a short five-minute caucus, the second round of balloting began with Barrington Township casting its votes for DeFosse. Each group fell in line and in the end, DeFosse had won a unanimous nomination from the three-county district

'Conflict ridiculous!'

Holtz signs, seals, doesn't deliver

by GLORIA DAVIS

Antioch Township Assessor and Lake County Board Member Bud Holtz said that he has written up his resignation from the county board but hasn't turned it in yet.

He said that there are a few things he wants to clear up concerning his county board position, since he is chairman of the county board's taxation and election committee.

Holtz said that if he had intended to run for his county position again in November he would fight the recently passed legislation that makes it illegal to hold the position of township assessor and be a member of the

county board of counties with populations exceeding 300,000.

But as it is, "although many people are telling me to make them kick me out, I'm not going to spend \$10,000 in court when my term is over in November anyway," said Holtz.

He added, "I'm not being a cry baby and I'm not against this thing just because of myself, it's the precedent that this establishes I'm opposed to."

Holtz reiterated his strong feeling that not only assessors but other township officials, besides the supervisors, should have the right to hold seats on the county board.

"This conflict of interest thing is ridiculous," he added, "all they would have to do is to abstain from voting the few times those situations would arise."

Holtz claimed that the legislation that is being enforced by State's Atty. Fred Foreman, "makes it look like someone has it in for one person because it only applies to three counties in the entire state."

So, although Foreman has demanded Holtz's resignation immediately, it looks like

the township assessor intends to take time tying-up some loose county ends before he turns in his farewell papers.

Good news in The News

Handicapped ramp

Al Kraft, Lindenhurst, called The News to complain about the fact that he, a paraplegic with a heart condition, had been unable to shop in one of his favorite stores, Ben Franklin, since last winter.

It seems that the snow plow destroyed the store's handicapped ramp during the bad weather and it had not been replaced.

Kraft, who does his banking in the area and comes to Antioch every Thursday to go to the senior center, said that he had complained to representatives of Ben Franklin to no avail.

The News talked to Don Marski, the store's manager, who said he had no prior knowledge of Kraft's complaint but he promised that a ramp would be immediately forthcoming and would probably be in before this paper hits the stands.

Happy shopping Al!

Elbow grease helps replace 'Happy Gas'

by GLORIA DAVIS

With the receding economy, new business openings fewer and fewer, and very old businesses, big and small alike, closing nationwide, Bernie Gunty continues on his merry commercial way, despite the gloomy headlines in the Wall Street Journal.

Gunny has been in business on the same corner, Rte. 83 and North Ave., in Antioch, for many years. His Happy Gas service station closed two years ago because of the difference in the Wisconsin and Illinois tax structure, but his delicatessen and Caboose snack bar are still doing well.

"The town of Antioch and this corner have been good to me," says Gunty, who is a resident of Bristol.

Now he is into a new venture and when it didn't quite pan out the way it was supposed to, he used good old American know how and elbow grease and so far it seems to be working.

In January, 1981, Gunty started working on plans for a car wash to replace his Happy Gas business.

He came up with architectural plans that included three closed bays and one outdoor bay, one inside bay to be an automatic car wash and the other three for those who prefer to do it themselves.

When Gunty took out the building permit, it was the first commercial building permit to be issued in Antioch in two years.

(Continued on Page 2)

Elbow grease helps

"I did most of this myself, said Gunty, "without the help of industrial bonds," a point evidently a sore one with him.

The building was financed by some subcontractors and Gunty himself and the manual equipment was purchased through a local financial institution.

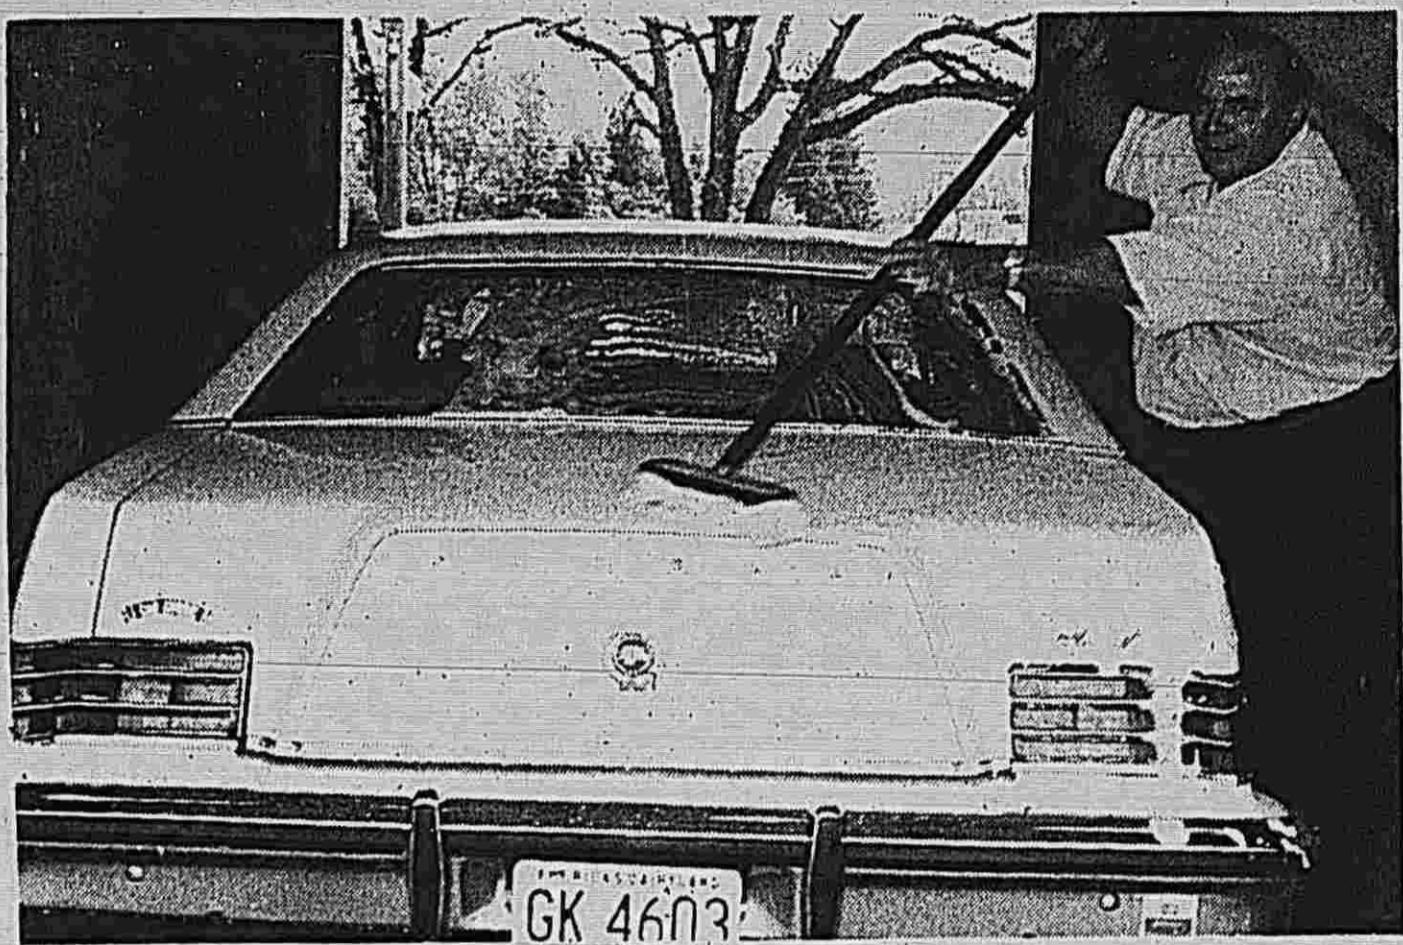

In March of 1981, he applied for a small business loan to cover the \$20,000 cost of the automatic car wash equipment. So far he has had no answer to that request, so until and if, that is forthcoming, Gunty is himself replacing the automatic equipment.

He went ahead and opened three weeks ago and in the case of senior citizens, invalids or some people who are simply too dressed up to wash their car, he either alone or sometimes with the aid of an employee, washes some of his customers' cars.

"So far, we've done three times the business I expected," Gunty said.

He doesn't charge for this labor from Monday through Thursday and 75 cents pays for the water soap and sudsing brush.

The same service costs \$1.50 on Saturdays,

Van crashes wall, helps bird fly coop

A shopping trip to purchase some bird seed resulted in a "bird freed," when Agnes Kohnke, 66, Trevor, turned into the parking lot of the L&R Pet Shop on Grass Lake Rd. and Rte. 83, and established the first drive-in pet shop in the area.

The van she was driving crashed into the pet shop, literally entering it, and demolishing a plate glass window and a brick wall, scaring the shop's only occupant, Linda Kader, who was cleaning the store at 12:20 p.m. on Wednesday, May 12.

According to Nancy Lewkowicz, the owner, the shop not only lost its wall but a \$600 bird, named Purdy, a Yellow Fronted Amazon, that was perched as usual on top of its cage when the incident occurred.

Purdy flew the coop during the excitement. The bird is 12 inches tall, the size of a regular parrot and is bright green in color with a yellow feathered comb.

The Illinois State Police, Dist. 2, handled the accident in which no injuries were sustained and no citations issued.

DeFosse on ballot

Continued from Page 1
 with over 7,000 weighted votes being cast, based on voter turnout in the March primary:

DeFosse said that the decision to run for congress was made because Democratic leadership felt that this year might be their only opportunity to knock off the incumbent Republican congressman.

"There's a strong feeling that Crane can be had that didn't exist seven or eight months ago," said DeFosse.

"Reagan has awakened people to what right wingism is. Crane is definitely right wing and not that many people believe in what that stands for."

That, and the fact that much of the new district is new to Crane and he is not well known there, convinced DeFosse to challenge him this November.

"I'm not going to sit and wait for November and then make a few cute statements and say I opposed Crane," said DeFosse. "I'm a grass roots candidate if ever there was one and I have to get to all of the grass roots, all of the people, not just parts of it."

"Crane is the invincible, 'I did it' type of person," said DeFosse. "The people are ready to take away his silver spoon and plate and let him work somewhere else where he can be a prima donna."

Lions to honor athletes

The Antioch Lions Club is sponsoring the athletic banquet at Antioch Community High School on Monday, May 24. This is the 41st banquet sponsored by the local club.

The banquet is to honor the senior boy and girl athletes, as well as the senior cheerleaders, pom pon, color guard, senior marching band members, most valuable athletes and individual state qualifiers in our 17 sport areas. The dinner will be at 7 p.m. in the cafeteria.

The senior athletes and special invited groups and their coaches and sponsors will be guests of the club. Each teen guest is encouraged to bring a father, a mother or an adult guest.

The club would like to limit the adult guest to one since there will be limited seating. Tickets will be at the door at a cost of \$6.

The Lions Club and guests will hear Rich Falk, varsity basketball coach at Nor-

thwestern University, as guest speaker. Rich is a 1964 graduate of Northwestern where he was captain of the 1964 team and was voted most valuable player as a junior and senior.

Falk established both the university and McGaw Hall single game scoring records with a 49 point outburst against Iowa.

In that game he, also, broke the school record for field goals with 19. He was All Big Ten as a junior and as a senior. He was placed on the Helms-All-American team at the end of his senior year.

Rich took over the varsity coaching duties from Tex Winter in April 1978. As head coach, Falk is beginning to show that he has Northwestern moving in the right direction.

In his first three years at Northwestern, Rich has proven to be a top recruiter. Falk is already the seventh winningest coach out of some 20 previous Northwestern coaches.

Letter To The Editor

EDITORS NOTE:

The following is a copy of a letter sent to parents of students at the Lake County Vocational Center concerning the students' deportment on a trip to the vocational olympics.

Isn't it nice to read something good about our kids!

Dear Parent(s):

Too many words have been written and said about teenagers and what problems they can be. We would like to tell you a different side of teenagers.

On April 22, eight chaperones took 56 teenagers to the VICA Skill Olympics. Even though we were educators and had worked with students for many years, we were apprehensive. They would be away from home and parents for three very long days.

What we discovered in those three days is that we were dealing with mature young men and women. They were positive examples for others in the competitions. They conducted themselves in a way that made us all proud. We got to know each other as people rather than labels..

When I think about it

Married partners dream of what might have been

by GLORIA DAVIS

It is the nature of the beast for couples that have been married a long time to often harbor secret resentments when they remember what used to be or think what could have been.

Oh no? Come on now, you, yes you, Mr. Married 10 Years, don't you often look at your better half and wonder what's happened to the "fun" girl you married?

The one that used to spend hours talking to you all about you. She was such a good conversationalist!

Now you almost have to make an appointment to say hello between her trips to the Little League field, the PTA meetings and her quilting class.

And you, Mrs. Married 15 Years. Admit it! Don't you sometimes look at him while he's watching the Brewers-White Sox game on tv, with a beer in one hand and a bowl of popcorn balanced on that protrusion that overlaps his size 36 belt, and wonder where that skinny defenseless groom of yours has disappeared to?

Don't you remember, one of the main reasons you married him was to nurse this specimen of malnutrition back to health.

My resentment runs more to the "what might have been vein," when I watch those automobile dealership commercials on television where the owner and his wife do

We want to commend you as parents for the way you have raised your daughters and sons. We are very proud of them for the way they represented you and Lake County Area Vocational Center.

Let's Get America Working! That's what we at Lakeland Newspapers believe and that's the motivation behind Get America Working promotion coming up in the Lakeland Newspapers.

A unique community service will let you advertise your needs and qualifications to thousands of area employers FREE OF CHARGE!

Last year's Get America Working promotion in Lakeland Newspapers was so successful that it has not only won us awards, it's been copied by many other members of the news media including Chicago's daily newspapers. And best of all, it brought results for those

who advertised.

The free Job Wanted directory will include unemployed applicants for full and permanent part-time positions and will run in the 11 Lakeland Newspapers on Thursday, June 10 and in the Antioch News, Monday, June 14. Both dates have been extended so that the section will better serve those who have not yet been able to sign up for their free Job Wanted ad.

Jobs will be classified in the directory and no ads will be accepted in this special directory for people in their own business or independent contractors. Ads will not be accepted by phone.

Job Wanted ads should be limited to 20 words. A free

Job Wanted blank appears in this week's classified advertising section of your Thursday Lakeland Newspapers. Blanks may also be dropped off at any of the five Lakeland Newspaper offices, or mailed to Get America Working, Lakeland Newspapers, P.O. Box 268, Grayslake, Ill. 60030.

All ads must be received no later than 5 p.m., Friday, June 4 in order to take advantage of this free listing.

Remember, final deadline for the Lakeland Newspapers' Get America Working free job listing is Friday, June 4. Full details appear elsewhere in the classified section of this week's edition of your Thursday Lakeland Newspaper or stop in at your nearest Lakeland Newspaper office.

John Block to speak at Republican dinner

Lake County Republicans are expected to turn out strong when Secretary of Agriculture John R. Block addresses the 1982 Campaign Dinner of the Lake County Republican Federation on Friday, May 21, at the Holiday Inn, Mundelein.

Dinner chairman Peter Cherry said Block's discussion of agriculture, the economy and overseas sales of U.S. farm products will attract more than 700 persons.

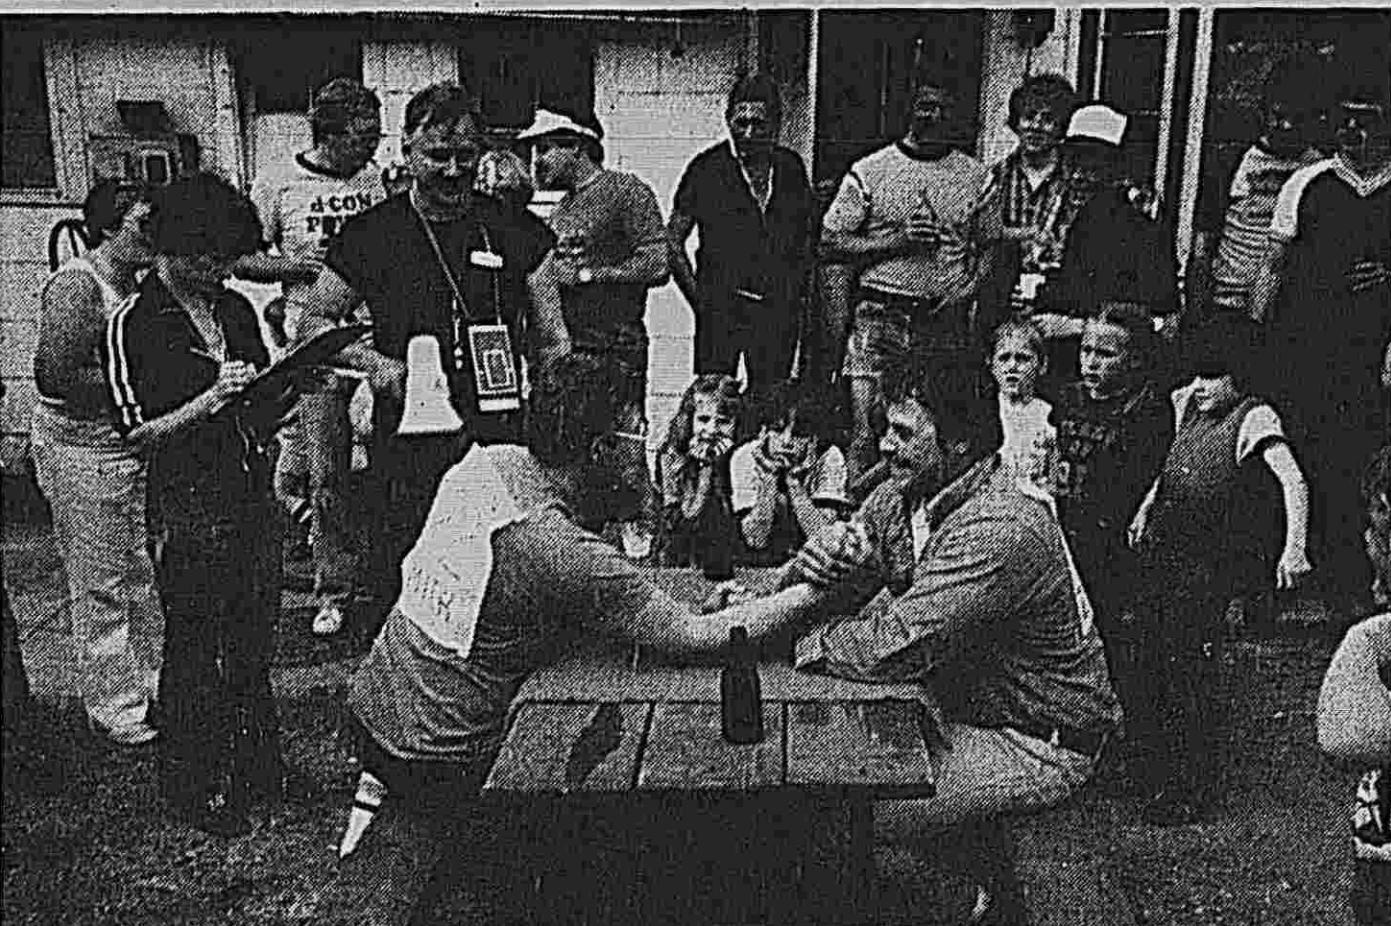

Block will hold a press conference in the King Richard room of the Holiday Inn at 6 p.m. The dinner at 7:30 will be preceded by a reception and cocktail hour. Dinner dancing will be on the program.

For the Republicans' major fund-raiser, patron tickets at \$150 and dinner tickets at \$30 each are being sold by county-wide committees. Glenn S. Utt Jr. and Mrs. Augustin S. Hart Jr.

are co-chairmen of patron sales.

State's Attorney Fred Foreman and Ben Ori are in charge of dinner tickets.

Working on both committees is Federation President William E. Brook of Antioch. Republican notables at the dinner will be introduced by Robert P. Neal, recently elected chairman of the Lake County Republican Central Committee.

Photographers to show works at Antioch Library

Six midwest photographers will offer an exciting look at the best in modern photography in an exhibit planned for Tuesday, May 18 through 31, in the Antioch Township Library.

All six exhibitors have passed demanding tests and critical evaluations to successfully reach the level of a Certified Professional Photographer, a distinction awarded by the Professional Photographers of America, Inc.

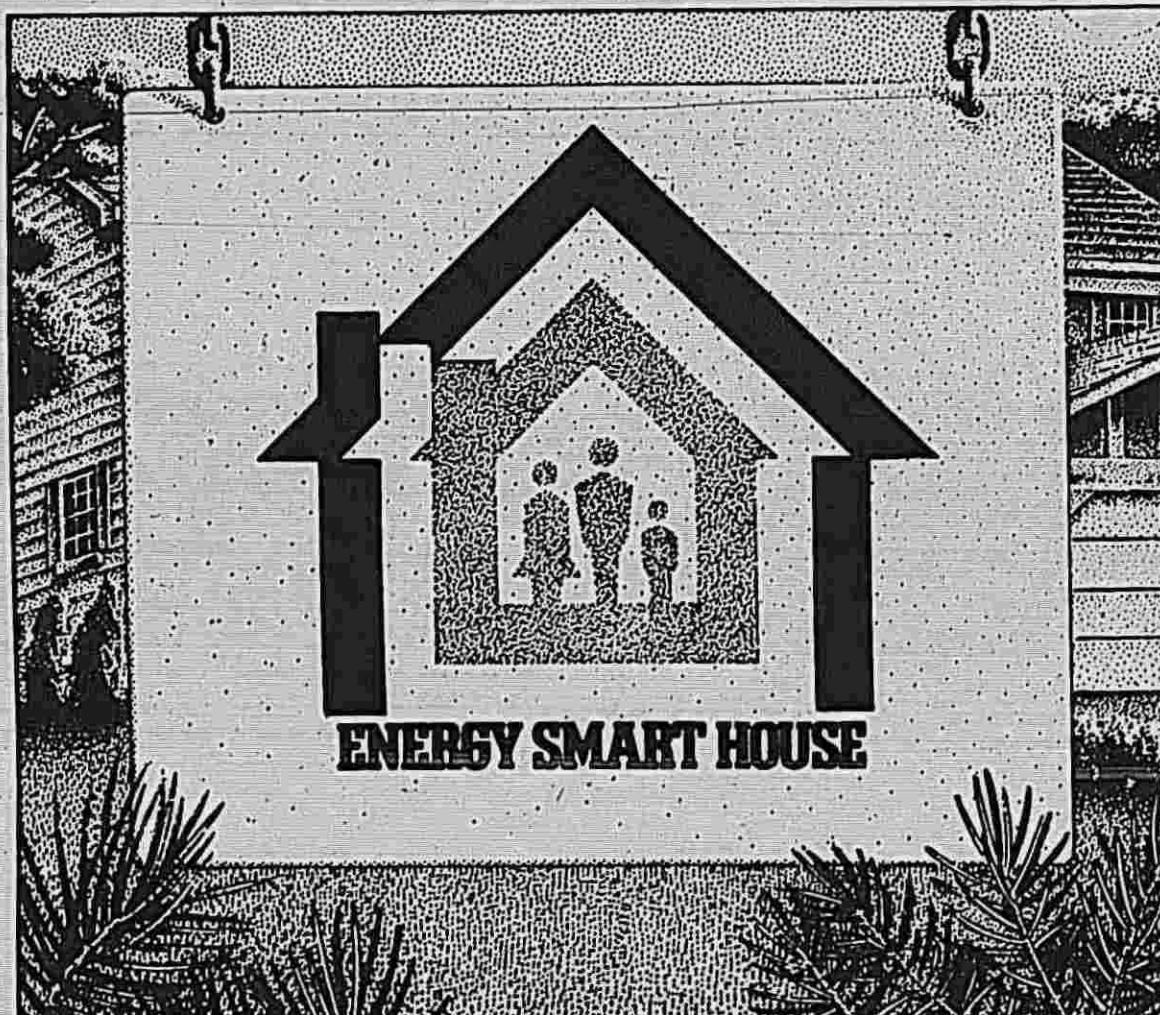

Displaying a wide variety of full-color portraits and special occasion photographs will be: Kevin Sarnwick, Crystal Lake (Sarnwick Photography);

Robert Dretske, Waukegan (Dretske Portraiture); Gerald Peskin, Glencoe (Gerald Peskin Photography); Joseph Rush, Antioch and Barrington (B.J. Rush Studio and Langdon's of Barrington); and Sue Becker and William West, Libertyville (Studio West).

To become a Certified Professional Photographer, candidates must pass a written test, participate in a continuing education program and undergo periodic critical evaluations of their work. A Certified Professional Photographer is trained in the most modern photographic techniques and

offers the best in creative portraiture.

TODAY THIS HOUSE IS JUST SMART. TOMORROW IT'LL BE BRILLIANT.

Nobody has to tell you what's happening to the cost of energy today. It's all up, up, up.

So if you're looking for a new house, it makes a whole lot of sense to look for one with an Energy Smart sign out front. One that uses energy like a miser. That keeps the cost down, down, down.

That means a house with double-glazed windows.

With ceilings insulated to a minimum rating of R-19.

With walls insulated to at least R-11.

With exterior openings carefully weather-stripped and caulked.

And with an Electric-Heat Pump instead of a central air conditioner and furnace.

That's the key. The Heat Pump.

All summer long it works just like central air conditioning. But in the winter it reverses itself. It takes heat from the air outside and pumps it inside to keep you warm.

What's more, the Heat Pump does that so efficiently it provides at least 50 percent more energy (heat) than the energy (electricity) it uses.

And that's very, very smart when you consider that the cost of natural gas has gone up 52 percent faster than electricity since 1967, and oil has gone up 113 percent faster.

Better yet, it'll be downright brilliant when natural gas gets deregulated or OPEC bumps up the price of oil a few more times.

The Energy Smart house. It can make tomorrow a lot easier to live with.
